Sports Day Kett were the triumphant house in The Bawburgh School sports day 2017. But really the day was a success for all the participants. The children competed with a wonderful spirit across the four classes and all of the staff were proud of their commitment and tenacity. Thank you to all the parents who came and watched the event and to Mr Easterbrook for organising it.

Endeavour Open in Norwich On Tuesday, Endeavour and children from six other Norfolk Primary Schools attended a music workshop day at Open in Norwich. Together with the other schools and some professional brass and woodwind musicians, we worked on 3 songs, learning to sing them and add musical accompaniment. Each school played different instruments, from ocarinas to trumpets to ukuleles. We played the samba instruments that we've been using in our music lessons all year to add rhythm to the pieces. It was a brilliant day! Everyone concentrated hard to be able to play in the right places and sing the right words at the right time. We had to be very focused for long periods of time, following the conductor and listening carefully to the other musicians. Mrs Nicholls and Mr Johnston were very proud of the behaviour of the class and the effort they all put in during the day. The best quote of the day was a spontaneous comment from Harry of 'I'm just loving this!' which pretty much summed up the experience for all of us!

This week in Satellites Satellites saw the week off with a fine start (in more ways than one) with their Sports Day. In the words of the class 'it was mega fun!' They have been storyboarding their finding tale of Lutetia and the mermaid, and have written terrific sentences using adverbs. Maths has seen a deepening understanding of the relationship between multiplication and division using objects, pictures and written methods. We are truly exhausted.
