

Kingfishers Newsletter

12th November – 16th November

This week we have been learning...

Maths:

- We have been solving problems involving addition and subtraction.
- We have continued to use concrete resources such as bead strings and Numicon to support our work.

Literacy:

- We have been using our words to remind us how great we are during our anti-bullying week.
- We have explored different versions of a traditional tale.
- We have been story mapping our new focus story.

Science:

- We have been creating predictions for our own plant investigations.

Geography:

- We have been looking at the United Kingdom and the countries which make up the UK. We have also looked at the differences and similarities between a town and the countryside.

Next week we will be learning...

Literacy: due to anti-bullying week last week we will be focussing on writing letters both from ourselves and also by imagining we are a character.

Phonics: Suffixes and Long vowel sounds.

Maths: Continue to work on addition and subtraction and the relationship between the two.

Science: exploring what happens to plants if all there needs are not met.

Geography: Looking at where the UK is in the world and Europe. We will also look in more detail about the 4 countries which make up the UK.

Reminders

P.E. kits are needed in school daily but especially on Wednesday and Friday. This is important for those children that do multi-skills on a Tuesday after school.

23.11.18 Open tray afternoon 3pm (Friday)

19.11.18 Cathedral trip (Monday)
