

Year 1 Spellings

Spellings and Speed Writing are working well in Year 1 and the children are developing key skills through grammar sessions linked to our phonics teaching that aid them in their learning. The next step is to drive forwards with our key common exception words. We will of course be teaching and adding these to our weekly spellings but as always any extra help you wish to give your child/ children will always set them on the course for success.

Ms Vincent and I have attached the key words that the children should know how to read and spell by the end of year 1. Have fun learning them and we look forward to even more successful writing in school!

Mrs Sharpe and Ms Vincent
