

Flamingos Newsletter

1st April - 5th April

This week we have been learning...

Maths:

- We have been comparing objects that are shorter, longer or wider.
- We have been measuring length, height and width with non- standard measurements.
- We have been measuring length, height and width with standard measurements.
- We have compared objects that are shorter or longer than a metre.
- We have measured accurately using centimetres.

Literacy:

- We have studied the book 'Hatch, Eggs, Hatch!' looking at new vocabulary and carried out comprehension activities then re-writing the story ready for our non-fiction writing linked to our hatching ducks and life cycles.

Science:

- We have studied our hatching ducks in readiness for our life cycle work.

Next week we will be learning...

Next week we will be enjoying our Easter holiday break - please continue to read daily and continue to learn the high frequency words for spellings with sentence writing.

The HFW list is uploaded on the website.

Reminders

The Big Easter Raffle will be held on Friday.

No Open Tray on Friday due to the raffle.

Please ensure your child has a coat at school as the sunny days can still be very cold.

EYFS - our focus is maintaining writing sentences using our growing phonic skills to help us. Please also practice adding two single numbers together by drawing pictures!
