

HOW CAN YOU HELP YOUR CHILD READ AT HOME?

Helping your child learn to read is a life skill that will transfer across the curriculum. To help your child become a confident learner sharing daily reading is the way forward.

Start by looking at the book cover.

Find the title.

Count the words in the title.

Talk about what you can see and what might happen in the book.

Why might you like to read this book?

Now begin to read your book

Find the first sentence where does it begin and end.

Count the words in the sentence.

Read the sentence.

Talk and ask questions about them. What do the pictures tell you?

After reading then find your favourite page. Look for the key words your child is learning to read (front of the book). Ask your child what they thought of the book. Have fun reading! Mrs Sharpe and Ms Vincent.
