

Kingfishers Newsletter

Monday 8th July

Last week we were learning...

Maths:

* to use problem solving to help with position and direction challenges

Literacy:

* we continued with our Storm Whale topic and also looked at pictures of storms for some inference writing

Humanities: * We continued our Geography topic looking at the Norfolk coastline

Science: *we continued our sessions of SRE, using the NSPCC PANTS guidelines to talk about how 'our bodies belong to us.'

Sports Day: *We had a lovely day on Monday 1st July. The children completed in 12 different activities each on Monday morning in small house groups, including: long jump, javelin, obstacle, throwing, penalties, dribbling, hurdles and triple jump. The children were happy to picnic to family at lunchtime and get cheered on during afternoon races!

Next week we will be learning...

Maths: revision of the four operations

Literacy: starting to put together our information texts

Geography: continuing with a focus on the Norfolk coastline

Science: We will be continuing our SRE unit

Reminders

No swimming on Tuesday 9th July. Transition mornings on Tues 9th / Wed 10th

KS2 School Performance on Thursday 8th July. Kingfishers will be singing their song during their performance so keep practicing!!

The youtube link is:

<https://www.youtube.com/watch?v=xIWovALL-HQ&safe=active>

We are aware that the evening performance at 7pm may be a little late for some of the younger children; there is no obligation to attend; those of us that do will sing loud and strong!

Homework is to do some research on whales in preparation of our information texts in literacy this week. How many amazing facts can you find?
