

Flamingo's Newsletter

Monday 8th July

Last week we were learning...

Maths:

* developing our knowledge of tens and ones (chips and peas!) and looking at missing numbers and patterns in the number system up to 100 (and beyond in some challenges).

Literacy:

* We have been comparing similarities and differences in 'friendship stories'. We have studied a narrative poem, narrative story and a story told purely with visuals alongside stimulating music and character expression so that we can develop inference skills.

Humanities: * We have developed our humanities topic by creating a chronological timeline of seaside holidays and social history and compared secondary evidence through postcards to discover similarities of past and present holidays.

Science: *we continued our sessions of SRE.

Sports Day: * We had 'the most exciting day ever' these are the children's words! An exciting team morning was held whereby every child was engaged in tasks based on a carousel of athletic activities and then a wonderful picnic lunch with parents. Flamingos then pre-selected races they would like to carry out as individual sportsmen and women. We had nearly everyone take part and if we had some shy participants some friends even doubled up so that enough contestants of their age were available to make the race go ahead. Well done Flamingos you were superstars!

Monday 8th July

Next week we will be learning...

Next week we will have our transition mornings, a few assessments to mop up and rehearsals for the Upper School Performance. We will also be working hard to finish up our Art and D&T projects for Under the Sea alongside our core subjects.

Reception children will continue to increase their phonic/writing/maths daily output in books. Please come and have a look on open tray days. They will continue to look at the challenges set around our maths unit of 'time'. And of course, challenging continuous provision will give them opportunities to extend and consolidate their growing learning across the curriculum.

Reminders

Homework: Sing, sing and sing some more!

I have sent home the lyrics for our class song to practise. Puff the Magic Dragon is coming along nicely.

If your child brings in a football to play with during break and lunch time please ensure it is named. Due to space in our garden area football is not played in continuous provision.

Please continue to upload on Tapestry. At this time of year it is an opportunity to show us what the children can do at home.

Finally, thank you for your continued support. Just a few short weeks left now before we break up for a well- deserved break.

School Performance 11th July

Bag2School collection 12th July
