

Flamingos Newsletter

2nd March- 6th March

In the past couple of weeks we have been learning...

Maths:

- We have been telling time using analogue and digital clocks.
- We have been writing time using analogue and digital clocks.
- We have been counting in different steps - 1, 2, 5 and 10.
- We have used repeated addition to work out problems
- We have used this knowledge to help us create arrays

Literacy:

- We have begun our very exciting topic around dinosaurs and have been collecting facts to ask questions and give answers writing in full sentences and using the correct punctuation.
- We have explored through role play being palaeontologists and we have separated our fossils from crumbly soil (using chocolate chips cookies!)

Science:

* We have studied different animals and looked at their features linking them to whether they are land, sea or earth animals.

History:

- We have had an amazing start to our new topic of The Great Fire of London by inviting the Firefighters White Watch to school. Please have a look at our amazing photos. We aim to have them back into school when we set fire to our very own Pudding Lane in due course!

Next week we will be learning...

Literacy: We will continue with our T4W unit around dinosaurs - collecting facts to write short poems.

Phonics: Continuing with our daily sound work and extending to dictated sentence work.

Maths: we will continue our work on equal grouping and arrays.

PHSE: On Tuesday we will have our G8ASUR funday!

Reminders

Open tray now being held on Friday afternoons

Please ensure all children have wellington boots in school as the field continues to be muddy.

EYFS - our focus is science in everyday situations. What happens to bread when we toast it? How cold is it outside? What happens to eggs if they are boiled? Please continue to upload on tapestry your observations..
