

## Summer Term Week 10

Hello everyone,

### Home Learning

As ever, the literacy and maths worksheets are uploaded to the Home Learning site and if you would like us to print these out for you, you need only ask.

With reading can I also mention that if you need to swap books please let us know, especially as we are soon approaching the Summer Holidays and you may want a selection to read over the coming weeks.

Talking of reading, can I say just how impressed I have been by so many of the class. Even with lockdown, this has been the most successful year for a class in accruing points on Accelerated Reader smashing our previous records. The children should be rightly proud.

### Spelling Hut

Alas, the process has proven far trickier than I had predicted and we have had issues with allocating usernames and passwords for each child. I am trying to resolve but am conscious that we are nearly at the end of the term. If I do manage to fix this in time, I will send you all means of accessing the site. Sorry for not getting it running when I had hoped.

### School Reports

We are in the process of completing the school reports for the year. As part of this, if your child would like to write about some of their fond memories of the past year we would love to add it to the report. It is always nice to have the child's voice in these records and often it is surprising to learn what they most enjoyed. To help jog memories the pupils in the Key Stage 2 bubble listed the following as great times at school.

- Residential
  - Raft building
  - Canoeing
  - Crate Stacking
  - Catapult making
  - Sledging
  - Wall climbing
  - Being with friends in the dormitories
  - The BBQ
- The trip to the Space Centre in Leicester
- The trip to the Castle Museum for Egypt
- Tor Falcons art trip

- Varjak Paw
- Building rockets and marble runs in science plus the famous exploding melon!
- Swimming to France in the Hethersett Pool
- Reading our winter survival guides by a real fire in the playing field
- Swimming tournament

These are just some suggestions and of course your child may have other ideas. What is most pleasing is that even with lockdown we did manage to squeeze in quite a lot. Of course, if they would also like to write about what they have enjoyed learning about during lockdown that would be really interesting too.

Please email these memories to Reception and we will attach them to the reports by Friday.

As ever, if I can be of any assistance please do not hesitate to contact me via the office

Kind regards  
The Iron Giant
