Whole School Performance This will take place on Thursday 14th July at 2pm and 6pm. Please note that the whole school will be involved in the production. Tickets will go on sale through ParentMail shortly. Please watch out! Parents will need to decide whether to attend the afternoon or evening performance or whether they would like to have 1 place for the afternoon and 1 for the evening. Unfortunately, due to health and safety regulations and shortage of space, we will be unable to accommodate pushchairs/buggies in the hall. Parents needing to bring these to school will be asked to leave them in the reception area. Tickets cost £1.00 each.

The Friends Please support this brilliant lottery and be in with a chance to win great prizes including the top prize of £25,000. Each ticket helps the Friends raise money which is currently going towards the new trim trail! Be in it to win it! X

Grand Bus Opening and Colour Run 17th July at 12 noon Please see attached poster. The colour run is open to everyone and the £6.00 includes a tshirt and all colour powder. The Colour Run and BBQ will be available to purchase on ParentMail.

The Bus Lee, Miss Stedmans better half, was at school all day Monday and Tuesday working very hard to get the decking built next to the bus. Lee has been an absolute trooper and managed to get the majority of the job completed and we think its looking amazing! He even survived nagging from Mrs Courtney! There is still a bit of work left to do, but he has created an amazing space for the children to use. Thank you Lee!

Science On Wednesday we welcomed Prof Ashworth aka The Kitchen Chemist who was ably assisted by Dr Palmer. They wowed the whole school with how chemistry plays a part in our daily life, revealing the 'magic' of science in the process. We watched liquids change colour before our eyes, paper dissolve, bin bags fly, flour explode and bottles roar with flames to make water. In short, we had a great time. My favourite trick was telling a vinegar pouch to sink or float. Perhaps your kids could show you just how it's done.

Thanks again Prof Ashworth and Dr Palmer

Covid Now that all guidance has been withdrawn I thought that I would share with you our school's policy (Norfolk's) on Covid in schools:

- If your child has [symptoms of a respiratory illness](#), and a high temperature, and you feel they are not well enough to attend school, stay at home and avoid contact with people until they are well enough to resume normal activities and no longer have a high temperature (and no longer need medication to reduce a temperature).
- [Children and young people \(aged 18 years and under\) who have mild symptoms of a respiratory infection](#) such as a runny nose, sore throat, or slight cough, who are otherwise well, can continue to attend their education setting.
- Adults and children who have experienced diarrhoea or vomiting should stay away from school for two days after symptoms have gone.
- If you have access to tests and [test positive for COVID-19 and are an adult](#) you should stay at home and avoid contact with other people for at least 5 days after the day your test was taken (or longer if you are still poorly/have a temperature), which is when you are most infectious. Or for 3 days [for children and young people aged 18 and under](#) (or longer if you are still poorly/have a [high temperature](#)). More detail is available on [GOV.UK](#).
- Children and young people who usually go to school, college or childcare and who live with someone who has a positive COVID-19 test result should continue to attend as normal. There is no need to isolate.

Regular asymptomatic testing ceased in most mainstream settings in February and from 1 April is no longer recommended in any education or childcare settings, including in SEND, alternative provision and children's social care settings.

Missing Coat Has your child taken home an adult's size 8 black women's puffer jacket with fold away hood and silver zip in error? Please can you let the Office know. Thank you.
